

# **Creek Lane Bio-Medical Products**

*A Division of Ginger-K Lymphedema & Cancer Care Center*

## **The Dynamic Head/Ear Compression Device**

**Ready-made or custom**

For over 25 years, our focus has been to optimize patient care in the clinical setting as well as home self care.

Our Creek Lane Bio-Medical Products are designed to be congruent with treatment protocols in that they effectively:

- reduce swelling
- break up fibrosis
- minimize infections and cellulitis
- control pain and discomfort
- increase compliance
- simplify and ease application
- promote faster healing
- reduce scarring

We're introducing our new -  
ready-made or custom dynamic  
compression device.

What makes it so effective:

1. Passive compression
2. Channels for directional flow
3. Gradient compression
4. Adjustable
5. Contains specially designed patented materials

**Patent pending**
